OMNI CONTROL

DJ CONTROL SURFACE WITH AUDIO AND SOFTWARE

SERIOUS DJ SIMPLICITY. OMNI CONTROL contains everything you need to plug into any club's house PA and perform. This high-quality, heavyweight, rugged DJ device is not only a hardware controller for performing with the included Native Instruments Traktor 3 LE and MixMeister Fusion Live software; it also houses a high-end, professional digital audio interface to feed your headphones and the sound system and enable you to plug in a mic. This complete professional computer-DJ package consists of a hardware controller with built-in audio interface and two software titles: Native Instruments Traktor 3 LE and MixMeister Fusion Live.

Carry less and do more with OMNI CONTROL.
